Winter Maintenance 2025 - 2026

NOTES:

1. When plowing and sanding First Priority roadways, the intersecting public roads approaching the main roadway shall also be plowed and sanded

2. These roads/streets will only be plowed when 3 inches or more of snow has accumulated on the roadway and sanding will be limited to spot locations as determined by the district. The district will plow the middle 16' at a minimum and full width as time allows.
